

MF, Magnetic Filter Holder

One to Many

Easy

Reusable

Features

One to Many

- 1 ♦ Compatible with various kinds of bottle, vacuum flask with or without side arm to collect filtrate directly.

One-handed & Easy Operation

- 2 ♦ Strong magnetic seal allows one-handed operation.
- ♦ Membrane guide helps position membrane easily.
- ♦ Forceps access points help retrieve membrane easily.

Sturdy & Reusable

- 3 ♦ PPSU (Polyphenylsulfone) and PES (Polyethersulfone) construction provides good chemical resistance.
- ♦ High temperature resistance withstands autoclave cycles.

Certification

RoHS

Compatible with various kinds of bottle and vacuum flask

Applications

- ♦ General filtration
- ♦ Water testing

Specification

Model	MF 3 / 3a (Pro)	MF 5 / 5a (Pro)
Funnel capacity	300 ml	500 ml
Effective filtration area	13.1 cm ²	13.1 cm ²
Filter diameter	47 mm	47 mm
Graduated increment	50 ml	50 ml
Hose barb	ID4 ~ ID8	ID4 ~ ID8

MF 3 Pro, 300ml Magnetic Filter Holder with lid kit

MF 5 Pro, 500ml Magnetic Filter Holder with lid kit

Material	MF 3/ 3a / 5 / 5a Pro	MF 3/ 3a / 5 / 5a
Funnel	PPSU	PES
Support base	PPSU	PES
Membrane support	PPSU	PES
Hose barb	PPSU	PES
Funnel lid	PP	PP
Cap of lid	Silicone	Silicone
Syringe filter	PTFE	PTFE

MF 3a Pro, 300ml Magnetic Filter Holder (short stem) with lid kit

MF 5a Pro, 500ml Magnetic Filter Holder (short stem) with lid kit
